

THE NINTH BIENNIAL INTERNATIONAL CONFERENCE OF IAAPS

In collaboration with CRRID, Chandigarh

At Chandigarh

November 1-2, 2018

Dear Colleague,

I have the honour to invite you to the Ninth Biennial International Conference of the Indian Association for Asian & Pacific Studies on *Asia in Transition* to be held under the auspices of Centre for Research in Rural and Industrial Development (CRRID), Chandigarh.

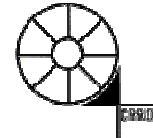

About the Organisers

The Centre for Research in Rural and Industrial Development (CRRID), an autonomous research institute, was registered as a scientific and educational charitable society under the Indian Societies Registration Act, 1860, in the Union Territory (UT) of Chandigarh in July, 1978. The CRRID Society was collectively conceived by a group of like-minded friends drawn from different disciplines and backgrounds to promote research, publication, development, training and similar creative activities in the northwest region. It is among the 27 research institutes in the country supported by the Indian Council of Social Science Research (ICSSR), New Delhi, and enjoys the distinction of being the only one of its kind in the north-western states of Haryana, Himachal Pradesh, Jammu and Kashmir, Punjab and the UT of Chandigarh. CRRID was accorded the "national status" in 1984 by the Ministry of Human Resource Development (MHRD), Government of India, in recognition of its contribution to the cause of social science research in the broader national perspective. Since 1984 both the Government of India and the Government of Punjab have been supporting CRRID in its endeavours by providing regular financial grants on a matching basis through the Indian Council of Social Science Research (ICSSR), New Delhi, and the Department of Planning, Government of Punjab, Chandigarh.

CRRID has grown from strength to strength with the dedication of its research, library, administrative, computer and other staff in building up an environment conducive to research, education, development and training activities being conducted over the past 25 years.
